- Spearheaded and contributed to 15+ engaging and impactful school events, successfully mobilizing an audience of over 800 total participants.

TECHNICAL EXPERIENCE & SYSTEM DEVELOPMENT

PT Krisna Ardhi Tama

Front-End Web Developer

Purwokerto

May 2025 - Oct 2025

- Developed ERP web interfaces using React, TanStack, and Tailwind CSS, translating business requirements into responsive, scalable UI components.
- Integrated reusable frontend components with backend APIs and business logic to support reliable data flow and reusable workflows.
- Collaborated with backend engineers to clarify requirements, troubleshoot integrations, and refine components through the development lifecycle.

Trashlink-Pro (IoT System)

Software Developer

Purwokerto

May 2025 - Oct 2025

- Co-developed a funding proposal and maintained structured documentation for the Trashlink-Pro IoT initiative from proposal through implementation.
- Developed a licensed waste-sorting automation program and documented requirements, implementation details, and progress for maintainable IoT delivery.
- Maintained technical documentation throughout development and proposal submission, improving traceability and technical communication.

Suretybond.co.id

Front-End Web Developer

Purwokerto

Apr 2023 - Sep 2023

- Contributed to a 3-person frontend team for Suretybond.co.id, developing CMS interfaces and responsive form workflows with validation and PDF-viewer functionality.
- Implemented email OTP verification, API integration, and form-state handling for secure user workflows and reliable data submission.
- Managed GitLab-based version control, code merging, and bug resolution across the development lifecycle within the 3-person team.
